

Freestanding Electric Pasta Cookers

The Elco 700HP range is comprised of over 100 models designed to guarantee the highest level of performance, reliability, energy saving, safety standards and ergonomic operation. These concepts are reflected in the total modularity of the range that ensures numerous configurations, either free-standing or bridged. Elco 700HP demonstrates how advanced technology can satisfy the needs of the professional caterer. The models detailed on this sheet are Freestanding Electric Pasta Cookers.

178745 + optional accessory 927221

EASY TO INSTALL

- Main connections can be accessed via the rear or base of the unit.

EASY TO CLEAN

- One piece pressed worktop in 1,5mm 304 AISI stainless steel with smooth, rounded corners.
- Front panel in 304 AISI stainless steel with Scotch Brite finish.
- All models have right-angled, laser cut side edges to allow flush-fitting joints between units eliminating gaps and possible dirt traps.
- Well in 316 AISI stainless steel guaranteeing high resistance against corrosion caused by water and salt.
- Recessed, double skinned door with pressed internal panel for

air-tight closure and better hygiene.

- Inside door panel in 304 AISI stainless steel.
- Feet in 304 AISI stainless steel adjustable up to 50mm in height.

EASY TO USE

- Easy to use control panel for power regulation and water tap.
- Skimming zone for collecting and discharging, through the overflow filter, of starches and foams.
- **Rapid System models:** control panel with switch to regulate rapid filling, boiling, boiling and refilling with pre-heated water.
- The electric pre-heating system built into the unit (on Rapid System models), guarantees rapid temperature recovery and a

production rate superior to standard models.

- Incoloy armoured heating elements positioned beneath the base of the well (on standard models).
- Skimming zone for collecting and discharging starches and foams, through the overflow filter.
- Safety Thermostat to avoid that the machine runs without water.
- Product 178754 provides 5 different cooking time programs per basket, providing more flexibility in the kitchen. In addition, 4 different boiling cycles may be chosen, varying from gentle, ideal from home made pasta, to full power for normal types of pasta.

Electrolux

Elco 700HP
Freestanding Electric Pasta Cookers

EASY TO MAINTAIN

- IPX4 water protection.
- Ease of maintenance guaranteed by frontal access to all working components.

EASY ON THE ENVIRONMENT

- 98% recyclable by weight.
- CFC free packaging.

*In accordance with CE regulations for gas models belonging to Class B11 (power over 14 kW), it is necessary to install a chimney (if installed under a hood) or chimney and draft diverter if the waste gases are vented directly outside.
