

## Gas grills

The Electrolux 900-Line of modular cooking equipment is designed to meet the heavy duty cooking requirements of institutional caterers and the larger restaurants and hotel kitchens. The flexibility of the modular design, with innumerable configurations either free-standing, bridged or cantilever, can be precisely tailored to meet the needs of the caterer. The models detailed on this sheet are 4 gas grills in half and full module ideal for grilling fish and meats.

210242

### EASY TO INSTALL

- All models can be installed on cantilever system.
- Main connections can be via the rear or the base of the unit.
- All models provided with service duct to facilitate installation

### EASY TO CLEAN

- Worktop in 2 mm, 304 AISI stainless steel.
- Front, side, rear and bottom panels in stainless steel with Scotch Brite finish.
- All models have right-angled side edges to allow flush-fitting joints between units, eliminating gaps and possible dirt traps.
- The special design of the control knob system guarantees against water infiltration.

### EASY TO USE

- Units are 93 cm deep to give an unusually large working surface area.
- Stainless steel burners with self-stabilizing flame. Each burner has 3 branches and the gas holes are protected by the radiant elements to prevent fats dripping onto them.
- Each ½ module has a separate control for the burner with a flame failure device.
- Cast-iron grids with draining channel for fat.

- The grids are suitable on two sides: the first side, sloped with drainage channels, can be dedicated to very fatty meats and the second side, flat, can be used to cook fish, vegetables or hamburgers.
- Large pull-out excess fat container. The use of water in those containers permits the fast lowering of the fats temperature thus guaranteeing a genuine cooking; Moreover the evaporation of the water permits to maintain the foods delicate.
- All gas appliances are supplied for use with natural gas, with LPG conversion jets supplied as standard.
- Models 210249 and 210250 are town gas versions.

**Electrolux**

**Elco 900  
Gas grills**

**EASY TO MAINTAIN**

- Access to all components from the front.
- IPX5 water protection.

**EASY ON THE ENVIRONMENT**

- 98% recyclable by weight.
- CFC free packaging.

**Productivity (full module)**

- 336 hamburger fresh 100 gr
- 240 Pilard of veal 80 gr
- 420 Sliced zucchini 1/2 cm
- 168 Pork ribs 160 gr
- 360 Sliced turkey 100 gr
- 108 Sliced salmon 200 gr
- 60 Angler 500 gr 12
- 12 Turbot 1 kg
